Biodata:

Born: January 1, 1964 - Origin: Meta in Momo Division, Cameroon
Marital Status: Married, 4 children

Training:

Biochemistry - Molecular Parasitology - Tropical Public Health

Practice

Molecular Biosciences, Health Economics, Implementation Research, Salutogenesis

Educational Qualifications

Year	Degrees	Discipline	School
1997	Doctor of Science (ScD)	Tropical Public Health,	Harvard University
1989	Doctorat de Spécialité	Parasite Biochemistry	Univ. of Yaounde,
1985	Maitrise es Sciences	Biochemistry	Univ. of Yaounde,
1984	B.Sc.	Zoology	Univ. of Yaounde,

Informal Training

Clinical Trials and Bioethics, Leadership and Malaria Management, Bioinformatics and Infectiology, Radionuclide use in Infectious Diseases, Handling of Biological Material, Yeast Genetics and Cloning, Fundamental Immunology.

Expertise

Public Health Biotechnology - Strategic Planning and Curriculum Development - Implementation Research, Host and Pathogen Genomics, Food Safety.

Academic Positions

- 2013 – Date - Titular Professor of Public Health Biotechnology
- 2010 – Date - Adjunct Professor of Health Economics, Catholic University of Cameroon,
- 2005 – 2013 - Associate Professor of Public Health Biotechnology,
- 1998 – 2009 - Founding Head, Laboratory for Public Hlth. Research Biotech, Univ. of Y'de,
- 1992 – 2004 - Senior Lecturer, Biochem. Dep't University of Yaounde, Cameroon

- 1997 – 1998 - Consultant, Minority Faculty Development Program, Harvard Med. School
- 1997 – 1998 - Visiting Scholar, Wirth Laboratory, Harvard School of Public Health
- 1995 – 1995 - Teaching Assistant, Harvard School of Public Health
- 1994 – 1997 - Academic Advisor, Project Success, Harvard Medical School
- 1994 – 1996 - Initiator and Seminar Director - Global Chat, Harvard Sch Public Health
- 1991 - 1992 - Entrance Examiner, School of Medicine, University of Yaounde
- 1990 - 1992 - Lecturer, Biochemistry Dep't University of Yaounde
- 1988 - 1992 - Research Assistant, Biotechnology Center Nkolbisson, Yaounde
- 1987 - 1990. - Instructor, Biochem. Dep't, University of Yaounde, Cameroon

Responsibilities

1. 2021 – 2021 Consultant, African Leaders Malaria Alliance - Setting up the End Malaria Council, Cameroon
2. 2021 – 2021 Consultant – Impacte Sante Afrique – Civil Society Organisation
3. 2020 – 2021 Consultant, Populations Services International – Digital Health on Malaria- Cameroon.
4. 2020 – 2021 Consultant - Resource Person, Board of Directors – IMPM, MINRESI
5. 2016 - 2021 Member of the Scientific Committee IMPM, MINRESI
6. 2017 – Date Member of the Access and Products Management Advisory Group for MMV Geneva
7. 2017 – 2018 Chair, Comm for Strategic Planning, Regional Coop. Framework 2019-2023, AFRA-IAEA
Plans for the next cycle of applications of Nuclear Science and Technology (NST) in areas of health, food and nutrition and radiation safety
8. 2008 - 2020 Executive Secretary, Malaria Consortium - Cameroon Coalition Against Malaria (CCAM)
Carry out creation and motivation of advocacy groups malaria – Parliamentarians, Media and School Health. Sub recipient of Global Fund against Malaria in Cameroon
oversight of Implementation of Global Fund as a sub-recipient of the parent grant
9. 2016–2021 Cameroon P.I., Malaria Research Capacity Dev Consortium (MARCAD)
Researches on the Seasonal Malaria Chemoprevention progress and model scenarios for malaria elimination in Cameroon
10. 2016 – Date Coordinator UYI-FLI, German, Program in Emergent Infections.
Investigates the other viral causes of fevers and searches for new zoonotic virus
11. 2015 – Date Chair, Program Management Committee. AFRA-IAEA, Vienna, Austria (in CMR)
Oversees program management of the 42 Centres of Excellence in NST, Partnership building and resource mobilizations and curriculum development in NST
12. 2010 – 2017 Chair, Department of Health Economics, Catholic University of Cameroon, Bamenda
13. 2013 – Date Coordinator – Grad Program Unit for Life Sc & Biology of Organisms, Univ. Yd'e I
Program execution and adherence to Curriculum designs
14. 2014 – 2017 Chair – Dep't of Biochem, Physiol & Pharmacol, Fac of Med, Univ of Yaounde I
15. 2012 – 2017 Coordinator - AFIMEGQ – An EU Intra ACP funded Mobility Program,
A mobility program for Africa of 71 students (MSc & PhD) in Science and Technology
16. 2009 – 2013 Principal, PRD College, EU - Funded International Programme in Biomedicine and Development - Training the next generation of Scientists on Poverty Related Diseases,
17. 2009 – 2014 Cameroon Principal Investigator, Research on the Economic of ACTs, LSHTM
Investigated the cost and equity analysis of wrong anti-malaria prescriptions.
18. 2003 – 2013 Président - Assises Pan Africaines de Lutte Contre le Paludisme (APALP)
Coordinated 32 Anglophone and Francophone African member states, NMCPs on strategies of implementation to achieve adequate control of malaria in the Impact Program of SANOFI.
19. 2003 – 2008 Gates Fellow, Infectious Diseases, London Sch. of Hygiene & Tropical Medicine,
Implemented Clinical Trials in Antimalaria Drugs in Cameroon

20. 2001 – 2006 Network Manager. WHO/UNDP/WB - MIM/TDR Anti-malaria Drug Resistance Network Coordinated recipients of the MIM/TDR grants on the triple alliance of clinical response, markers of resistance, pharmacokinetics in the surveillance of efficacy & safety of anti-malaria drugs in African Countries
21. 2001 – 2009 Resource Technical Focal Point, AIDS Task Force, US Embassy, Yaounde, Cameroon
22. 2000 - 2001 Vice President- Scientific and Local Organizing Committee, Fourth Annual Conference Federation of African Immunological Societies
23. 1999 – 2004 WHO Temporal Adviser – Molecular Markers of Drug Resistance in Malaria,
24. 1998 – 1999 Consultant: Community Health Program Schweitzer Hospital, Lambarene, Gabon,
25. 1998 - 2019 Founding President - The Fobang Foundation, Cameroon, - A Public Health Non-Governmental Organization for the provision of health, science and education through positive community involvement and development.
26. Chair, Guest Speaker Student Selection Committee, 1995 - Division of Biological Sciences Distinguished Lecture Series, HSPH, Boston MA.
27. Student Leader - Boston Schweitzer Urban Fellows Program, 1995
28. Coordinator, Boston Schweitzer Urban Fellows Program, 1996 - A specialized Program of the Albert Schweitzer Fellowship of America that supports health professional students in activities that strengthen their commitment to and skills in public service. The Boston model is replicated in North Carolina, New Hampshire-Vermont and Chicago.

43. Assistant Secretary, UNESCO Club, University of Yaounde, 1982
44. Treasurer, UNESCO Club, University of Yaounde, Cameroon, 1983

Initiatives

- 2020 – Chair, Scientific Committee – International Fair for Young African Researchers
- 2016 – Malaria Research Capacity Development Consortium (MARCAD) – Wellcome Trust/ AAS Research and Training of Post-Docs and Doctoral Students, 2018
- 2012 – AFIMEGQ – Africa Fostering Innovation, Mobility, Exchange, Globalisation & Quality –training some 71 MSc and PhDs Africa wide in Science and Technology
- 2012 – Masters - Public Health Biotechnology, UYI – training at Graduate School
- 2012 – Masters – Food Safety, UYI – Training at the Graduate School
- 2011 – Masters - Health Economics Policy and Management, Catholic Univ of Cameroon, Bamenda
- 2009 – Poverty Related Disease College EU-Funded project Project training 24 early career scientists
- 2009 - Radio Health International - Broadcast of health messages
- 2007 – Integrated Malaria Prevention in Secondary and High Schools
- 2006 – Operational Research Seminars – University of Yaounde I
- 2003 - Anti-Malaria Drug Resistance Surveillance and Human Factors in Cameroon
- 2003 – AIDS Surveillance for Drug Resistance in Tritherapy
- 2000 – Comprehensive Strategic Health Plan for the Meta Health District, NWP, Cameroon
- 2000 – Therapy Seeking Behavior and Malaria Management in Ecozones of Cameroon
- 1999 – Initiator and Course Coordinator Annual Summer Workshop on *Biotechnology for Innovation and Development* – The Fobang Foundation,
- 1998 – Integrated AIDS Prevention - The Fobang Foundation
Surveys and design of innovative prevention programs and polymorphism of virotypes
- 1994 - Initiator, Health Education and Leadership Program, (HELP), Harvard SPH.
H.E.L.P. is the Community Outreach vehicle for the Minority Student Health Organization.
Its objectives include meeting with health and community needs of under-represented groups and minority populations through disease and ill-health prevention strategies. It does this through health promotions, education and service delivery.
- 1995 - Initiator, Student African Public Health Association at Harvard (SAPHAH)
Its membership is inclusive of Students, Scholars, and Fellows of African descent, in related

health disciplines at the Harvard and its affiliate institutions, who seek to build a fabric for professional interchange at school and beyond and to educate the public of the health concerns of member countries and advice on policy decision that adversely affect the continent.

1994 - Initiator and Course Director, Community Development Workshop, Harvard School of Public Health.

1994 - Initiator and Coordinator, Mission Hill Childhood and Immigrant Immunization Campaign, Boston, MA

1994 - 1996 Initiator and Seminar Director, Global Chat, HSPH.

An interdisciplinary, interactive, lunch-time forum for American and International Students to discuss different strategies used in other countries, in resolving health related difficulties. Its topics included amongst others, Urban and Rural Health, International Health, War, Health and Disarmament, Human Rights and Health, Health Care Management and Institutions, Public Service. Sponsored by the Office for Students. Average attendance is 30.

Awards & Recognitions

2019 – The PAMCA Award for Significant Contributions to Capacity Building and Research in Africa

2017 – Winner World Academy of Science Regional Prize Sub-Saharan Africa

2017 – Inducted - Fellow of the African Academy of Sciences

2012 - Prix d'Excellence, SANOFI

2011 – Inducted - Fellow of the Cameroon Academy of Sciences

2010 – Admitted - Fellow of the African Scientific Institute

2009 - Award for the Promotion of Research Excellence in Malaria–5th African Conf. Malaria, Kenya

2005 - Managerial Excellence Award of the Multilateral Initiative on Malaria

2000 – Managerial Competence Award Federation of African Immunology Societies

1997 - Albert Schweitzer Award for Intellectual Achievement & Service, Harvard Sch.of Public Health

1997 – Winner, Commencement Speaker, Harvard School of Public Health

1996 - ASFA Community Service Award

1995 - Leadership and Service Award, Harvard School Public Health
